Dear Parents and Carers,

Year 3-4 Sportshall Athletics:

Last Friday we took a joint Frithville/New York athletics team to The Peter Paine Sports Hall to take part in the Yr 3-4 Sportshall Athletics Tournament. Yet again, we did tremendously well, coming fourth, narrowly missing out on a medal position... just 7 points! Well done everyone!

Safeguarding:

Reporting Harmful Content...

The UK Safer Internet has created a brand new reporting portal. Many of us know how difficult and frustrating it can sometimes be if you need to report anything, but there is help available. The service has been designed to:

- Provide information on community standards
- Give advice on how to report problems
- Mediate where appropriate or explain why content hasn't been removed
- Provide assistance in removing harmful content from platforms.

DITTO is the **free** online safety (e-safety) magazine for schools, organizations and parents that we use to keep you up to date with risks, issues, advice and guidance related to keeping children safe online, with a view to enjoying and learning about technology. A new edition is released approx. every 6 weeks. Please follow the link below.

ParentPay:

Thank you for your patience and support this week whilst we are in the process of setting up ParentPay. Unfortunately, there have been one or two glitches behind the scenes, that have been out of our and the Trust's control. We started with the most complex system, the school dinners. We will be adding all school payments to the ParentPay system in the near future. If you have any questions or problem please do not hesitate to ask and again, thank you for your understanding.

The Critters are back!

Will we ever eradicate the problem of headlice from school? **No...** Not unless we **all** work together to check our children's hair regularly. It is a problem that all schools have, but is a particular issue with very young children as they tend to work far more closely to each other. **Please can all parents check their children's hair regularly.** Please remember, we do have to record all incidents of **persistent headlice** and if it becomes a problem we do have to record it as a **safeguarding** issue, as **neglect**.
