## Did you know?

**April** - April is named after the Greek goddess of love, Aphrodite. In the Roman calendar, the fourth month April is spelled Aprilis, from the Latin aperit, meaning "to open." The name Aprilis, is appropriate because in the northern hemisphere April is the month when many trees and flowers begin to bloom and go on to flower.

## Dear Parents and Carers,

### Reading at home:

Just a reminder about reading at home please. It is crucial to your child's learning that you read with them as often as you can. This doesn't have to be for very long, just a few pages. Ideally, especially for the younger children, they read to you and you read to them. This way they can hear when you pause for punctuation and effect. Ask questions about characters, setting and plot... How does the book make them feel at different times throughout the story?

We are also having a book amnesty – could you please check for any school books at home.

### Junior E-safety officers:

Yesterday we took our Junior E-safety Officers to Spilsby Primary School for a celebration of what we have achieved this year. Our children presented the Poster competition, our new policy and the newsletters; all of which keep this very important message of online safety at the very front of our minds.

### Observant Parents:

A huge thank you to our very observant parents yet again... A few weeks ago parents at New York identified a strange car outside the school, this week parents at Frithville spotted some strange activity opposite the school. As a result of your action a car was apprehended by the police a short time later. Thank you.
