

New York Newsletter

Friday 14th June 2019

Did you know?
 June is the sixth month of the year in the Julian and Gregorian calendar and is 30 days long. According to one etymology, June is named after the Roman goddess Juno. It is considered good luck to get married in this month. The first month of Summer... Hmmm!

Dear Parents and Carers: Coalbrookdale residential:

What a fantastic week! A huge thank you to the children, who were brilliant as always and a very special thank you to the three members of staff, who volunteered... It was their first time and they were amazing! The residential is a very important event in the calendar for both schools, as it allows the children to immerse themselves in experiences that they would not usually have access to. It is a thoroughly enjoyable trip that allows the children to grow socially, emotionally, educationally and physically. We are already preparing the Lake District trip for next year. Look out for the letters in September!

This term:

Class 1...
 In this final term we will continue to learn about plants, countries around the world and mechanisms. We will be studying narrative, poetry and non-fiction. In music the children will continue to sing and play percussion instruments but also compose their own music. We are hoping to visit Heckington windmill this term to learn how wheat is turned into flour. Please remember to read at least 3 times a week and to complete homework from the homework grid in books.

Class 2...
 Over the coming weeks we will be continuing our maths work about shape, position and direction. In English we will be exploring a mixture of stories and poetry but will also be making good use of non-fiction texts to support our work in other topics. In science, we will be learning more about plants and also light. We are learning about spreadsheets in Computing and will be using our new skills in other curriculum areas.

Sports day:
 At the moment it looks as if the Sports Day will go ahead on Tuesday 18th, however it will be a double playground session, due to the field being water-logged. If there is any change I will send a text on Sunday. Please could children come to school in their PE kits. Thank you.

Book Fair:
 Mrs tempest has organised a book fair at Frithville Primary School on Wednesday 26th – Friday 28th June. There will be more detail in a letter on Monday.

Drowning prevention Week:
 Unbelievably, or appropriately... whichever way you look at it, this week is drowning prevention week! Please follow the link below for some tremendous information and advice. <https://www.rlss.org.uk/drowning-prevention-week>
