

New York Newsletter

Friday 20th September 2019

Did you know?
September - The seventh month?
 September comes from the Latin root septem-, meaning "seven," because in the original Roman republican calendar September was the seventh month of the year rather than the ninth, until July and August were added...

Dear Parents and Carers,
Connecting Classrooms:

Next week we will have a group of Lebanese teachers and headteachers visiting our cluster of schools. They will be visiting Frithville on Monday morning, then New York in the afternoon, stopping off at Gipsey Bridge for Lunch. On Thursday and Friday the group will split to visit their individual schools. We have one teacher, who will be at Frithville on Thursday, then New York on Friday

Connecting Classrooms is a global programme for schools run by the British Council, designed to prepare young people for life in a global society and work in a global economy. The aim is to support teachers to develop their classroom practice in core skills – the six essential skills that young people need to prosper in the 21st Century. This in turn will help them shape the future for themselves and generations to come. Connecting Classrooms is a partnership between the British Council and the Department for International Development.

11+

Well done to all the Yr 6 children who have tried so hard with their 11+ tests these past two Fridays. It has been the first major event of a very important year for them. Well done

E-safety:

Poster Competition...

We have a winner! Chloe Newbery In year 6, please see the back of the poster for the winning entry... The prize is a £10 Amazon Gift Card and the poster will be up all around the school. Thank you to all who entered.

Immersive and Addictive Technologies...

This new report from the House of Commons Digital, Culture, Media and Sport Committee considers the potential psychosocial and financial harms associated with the use of immersive technologies (think social media and gaming). The report is huge and goes into great detail, so take a look at page 6 (what are immersive and addictive technologies) and page 61 (conclusions and recommendations).

What's the X?

Still on the theme of games for a moment, do you want to wow the children with your amazing knowledge? Do you know why the PS4 controller has an X, square, circle and triangle?

See here:
