

Lilly Dakin (FV Yr1)

Lilly has been very busy completing her learning at home and was very keen to share some of today's learning with us
First, Lilly read the songbirds book 'Tara's Party', she then wrote a blurb for this and created her own invitation. After break we looked at 2D shapes in Maths. Lilly labelled and counted the properties of each shape before going on a shape hunt around the house, recording her results using a tally chart. This afternoon we have been getting creative. We used a paper plate to create a cheetah mask. Lilly used my phone to have a look at a cheetah's face to copy. She then attached some elastic to make it into a mask (with a little bit of help). We have also done a science experiment to see which house hold items float and which sink.
We have had lots of fun with our learning from home and we as a family are so proud of Lilly for how far she has come on with her school work.

Kyle Edwards (NY Yr4)

Now this... is isolation!

Lulu and the lonely Troll...

Once, there was a lonely troll who had no friends. He walked to the town where there were lots of people. He was seeking a friend. The troll was so lonely that most of the time he hid from everything." I wish I had a friend," he wailed.

The next day, he found a boat. "Maybe someone is in it," he thought. He picked up the boat and walked to town again. Suddenly, everyone started screaming. All except...one!

Soon, they made friends. He put down the boat. "Hi. My name is Forest. What is yours?" he asked. "My name is Lulu," she replied. "Let's go to the forest and play hide and seek," suggested Forest. "Yes!" shouted Lulu. "Found you!" she shouted. "Let's go back to town," replied Forest.

"Ah!" screamed everyone. "Please everyone. He is friendly," shouted Lulu. Suddenly, everyone stopped screaming. "What did you say?" asked one. "I said he is friendly," replied Lulu. "Prove it," everyone shouted. "We played hide and seek," Lulu explained. Then everyone wanted to be his friend.

Olivia Scott (FV Yr4)

Charlie Wood (FV Yr4)

Sophie Wood (FV Yr5)

We're all good here. Sophie and Charlie are doing well. They are happy to be doing the work. I'm really proud of them for how well they are behaving. Charlie has mastered the very important skill of making Mum and Dad tea and coffee.

We've kept all our recycling to do some crafty work and we've now got paint for them to paint what they make out of it (I do think 20 bottles of paint was a bit much though)

Harriet Ellis (FV Yr2)

A little maths... I think...

Happy Birthday... to you!

Easter Chocolate Cupcakes

Luke Morley (NY Yr3)

List of ingredients

For the cakes:

- 115g (4oz) Stork tub
- 115g (4oz) caster sugar
- 2 large eggs
- 115g (4oz) self-raising flour, sieved with 1 tablespoon cocoa and ½ teaspoon baking powder

For the icing:

- 85g (3oz) Stork tub
- 1–2 tablespoons milk
- 1 heaped tablespoon cocoa
- 225g (8 oz) icing sugar (less 1 tablespoon), sieved
- 100g mini chocolate eggs, to decorate

How to make it?

1. Preheat your oven to 190 °C, 170 °C Fan, Gas 5
2. Put all the cake ingredients into a mixing bowl and beat with a wooden spoon for 2 3 Minutes until gooey and well combined
3. Spoon the mixture into 18 20 paper cases or 12 14 muffin cases placed in patty tins
4. Place them on the second from top shelf of your preheated oven and bake for 15 20 minutes
5. Take your cakes out and leave them to cool on a wire rack
6. Beat all your icing ingredients together in a mixing bowl until smooth
7. Spread or pipe the mixture over each cake to form a little nest, and pop a few chocolate eggs inside!

Charlie Grant (NY Yr5)

Super Size Me – A Film Review

Synopsis:

It is an old film the facts because the movie was made in the early 2000. It had a budget of 50,778 pounds and when it came out of the box office it made 18 million pounds. The man who made it was your average joe might have borrowed some money from the state to make it. Anyway, let's get to what it is about so a man wanted to do an experiment to see what would happen if he only ate MacDonald's for a month, all 3 meals he had MacDonald's.

In America there MacDonal'd's does a meal called supersize which is 2 times bigger than a large meal at MacDonal'd's. The rules were that if they asked him to supersize then he would have to say yes. The second rule was to have at least one of everything on the menu.

The main man who acts in the movie is Morgan Spurlock. Any way lets get to what happens in the movie.

The Review:

As the film begins Morgan Spurlock is in amazing shape. That is before the movie ends or starts. The man by the end gains about 2 stone.

By the end of the year loses all of it except from 4 pounds. Every now and again he would conduct a test about fast food. Like he conducted a test with children. What he did was quite surprising. So, he showed the kids a photo of some of the president of the country then showed them the logo of MacDonal'd's. The kids didn't know who the presidents were, but knew the logos of the fast food companies.

Mad Dogs and Headteachers...

Virtual BBQ and fashion disaster!
Shorts, slippers and Hawaiian shirt, in wind and drizzle...
No wonder I was isolated!

Alista Archibald (NY Yr5)

Week 2 at Frithville
